

A Complaint About the Aural Pollution of Muzak in Your Shop.....

Bad music is like a bad smell. You wouldn't willingly walk into a room that stank like an open sewer, yet every day we are expected to visit shops, gyms, hospitals and other public places polluted by the most mundane and awful music imaginable. Your establishment is guilty of imposing this on your customers without choice and without giving them an option to turn it off. Please think again!

Thank you for your attention. This message comes to you courtesy of <http://nomuzak.co.uk/>

A Complaint About the Aural Pollution of Muzak in Your Shop.....

Bad music is like a bad smell. You wouldn't willingly walk into a room that stank like an open sewer, yet every day we are expected to visit shops, gyms, GP Surgeries and other public places polluted by the most mundane and awful music imaginable. Your establishment is guilty of imposing this on your customers without choice and without giving them an option to turn it off. Please think again!
